PRODUCT

GINGER POWDER

100%
NATURAL

fssai

12419031000343

This special organically grown ginger has been brought to you all the way from Garo Hills of Meghalaya, known for its rich medicinal properties. It has been solar dried and processed under strict hygienic conditions to retain its natural therapeutic properties.

Solar Dried ginger has been a traditional herbal remedy for thousands of years in Indian, Asian and Arabic medicine as it has high concentration of two active compounds, Shogaol and Gingerol (almost thrice as compared to fresh ginger).

Solar-dried ginger powder helps improve immunity, promotes digestion, alleviates nausea and is known to have anti-carcinogenic properties.

PRODUCT

WILD FOREST HONEY

100%
NATURAL

fssai

12419031000343

Wild Forest Honey is collected from nectar of rich flora (Mahua flowers) and fauna found in deep and dense untouched forests of Maharashtra ensures no pollutants in honey and makes it a power house of phytonutrients. The heavy rainfall makes the nectar collected from variety of flowers special.

Wild Honey is a good source of antioxidants which helps in boosting immunity, improves gastric health and soothes sore throat.
